\* Visit [EnergizeCT.com/high efficiency heating](http://EnergizeCT.com/high efficiency heating) for more information and a listing of participating equipment distributors. Incentives are subject to change at any time. Installations in the City of Norwich Dept. of Public Utilities service territory are NOT eligible for instant discounts. Heat Pump Water Heater, ECM Boiler Circulator Pump, and Ductless Heat Pump installations in the towns of Bozrah and Wallingford service territories are NOT eligible for instant discounts.

\*\* An ADDITIONAL \$700 mail-in rebate is available for existing electric resistance heat customers that participate in Home Energy Solutions prior to install. Call (877)-WISE-USE to schedule the assessment. Rebate form provided by HES Technician.

## Water Heating

Equipment Type	Fuel Type	Qualification Criteria	Incentive Amount*
Heat Pump Water Heater	Electric	ENERGY STAR certified with Energy Factor (EF) of 3.0 or greater	\$500 instant discount at participating distributors (\$300 instant and \$200 mail-in at retailers)
Condensing Storage	Natural Gas Only	ENERGY STAR certified with Thermal Efficiency (TE) of 0.95 or greater	\$300 instant discount at participating equipment distributors
Tankless On-Demand	Natural Gas Only	ENERGY STAR certified with 0.94 EF or greater	\$300 instant discount at participating equipment distributors

\* Visit [EnergizeCT.com/hpwh](http://EnergizeCT.com/hpwh) or [EnergizeCT.com/gaswaterheating](http://EnergizeCT.com/gaswaterheating) for more information and a listing of participating equipment distributors. Incentives subject to change at any time.

## **SCG and CNG Residential Gas Conversion Rebates:**

Visit [www.soconngas.com](http://www.soconngas.com) or [www.cngcorp.com](http://www.cngcorp.com) and click on "convert to gas" and then "residential incentives" for more information. Rebate form provided by Gas Conversion Sales Representative.

## **Residential Financing Options:**

[www.capitalforchange.org/energy-efficiency-programs](http://www.capitalforchange.org/energy-efficiency-programs)

## **Wi-Fi Thermostats:**

A \$100 mail-in rebate for eligible Smart Wi-Fi Enabled Thermostats is available for certain eligible residential customers that have a Home Energy Solutions assessment prior to install. Call 1-877-WISE-USE to schedule the assessment. Rebate form provided by HES Technician. Rebates subject to change at any time.

## **Residential Qualifying Products Listing (QPL):**

All eligible residential equipment must be listed on the QPL in order to receive an instant discount. The most recent listing can be found online at <https://efi.secure.force.com/client/LandingCTMIDV1>. To request additional products be added to the listing, they must be ENERGY STAR certified on their website, and you must submit an AHRI certificate and a completed "Add On Submission" template document for each model to [lisa.boba@uinet.com](mailto:lisa.boba@uinet.com) for consideration.

## **Commercial Property Incentives and Financing:**

Upstream instant discounts available at participating equipment distributors for ductless heat pumps and cooling systems, gas water heaters, and gas space heating equipment. For more information, contact to your distributor or for United Illuminating, Southern Connecticut Gas and Connecticut Gas customers, call Amanda Gavagan at (203)-499-2568 or by email at [amanda.gavagan@uinet.com](mailto:amanda.gavagan@uinet.com). Eversource customers may contact Evan Andersen at (860) 665-6230 or by email at [evan.andersen@eversource.com](mailto:evan.andersen@eversource.com).

**FOR GENERAL ENERGY EFFICIENCY AND CLEAN ENERGY QUESTIONS: Call 877-WISE-USE (947-3873) or visit [EnergizeCT.com](http://EnergizeCT.com)**
